### **Bank of Korea to Launch 「Financial and Economic Snapshot」 Service**

- The Bank of Korea will launch its new 「Bank of Korea Financial and Economic Snapshot」 service on July 18, 2023, as part of the expansion of services it offers the general public.
  - Snapshot (<https://snapshot.bok.or.kr>) is a platform developed to provide visualized content (graphs, tables, maps, etc.) that will enable the public to easily understand and utilize domestic and international financial and economic data.
  - In addition to availability on computers, it is also optimized for mobile devices (tablets, smartphones, etc.), increasing both accessibility and convenience.
- The Bank of Korea will continue its efforts to meet various demands regarding the public's economic concerns and will improve the Snapshot service in the future as needed.
- ※ For detailed information on how to use “The Bank of Korea Financial and Economic Snapshot” service, please refer to the “Site Information” menu located at the bottom of the website.
