## 제 목 : 한국은행, 인도네시아 중앙은행과 양국간 원화·루피아화 직거래 촉진을 위한 MOU 체결

■ 2023.5.2일(화) 이창용 한국은행 총재와 Perry Warjiyo 인도네시아 중앙은행 총재는 한국·인도네시아 양국간 원화·루피아화 직거래 촉진을 위한 양해각서(MOU)를 체결하였음

- 양국의 경상 및 직접투자 거래 시 민간 은행이 원화·루피아화 직거래를 통해 결제할 수 있도록 여건을 마련\*

\* 민간(은행)이 자국통화 결제자금 공급을 담당한다는 점에서 중앙은행이 자금 공급주체로 참여하는 통화스왑연계 무역결제 지원제도(한·중간, 2013.1월 시행)와는 차이가 있음

■ 금번 MOU 체결은 양국간 금융협력 강화의 중요한 이정표가 될 것이며, 향후 로컬통화 사용을 통해 기업의 거래비용을 절감하고 환리스크를 완화함으로써 궁극적으로 양국간 교역을 촉진하는 효과가 있을 것으로 기대

## JOINT PRESS RELEASE

### **SIGNING OF THE MEMORANDUM OF UNDERSTANDING BETWEEN BANK INDONESIA AND BANK OF KOREA ON THE COOPERATION TO PROMOTE THE USE OF LOCAL CURRENCIES FOR BILATERAL TRANSACTIONS**

Bank Indonesia and Bank of Korea today signed the Memorandum of Understanding (MoU) on a Framework for Cooperation to Promote Bilateral Transactions in Local Currencies. The MoU was signed by the Governor of Bank Indonesia, Perry Warjiyo and the Governor of Bank of Korea, RHEE, Chang Yong, on the sidelines of the ASEAN+3 Finance Ministers and Central Bank Governors Meeting in Incheon, South Korea.

Bank Indonesia and Bank of Korea reached mutual agreement on initiatives relating to promote the use of local currencies in bilateral transactions, such as current account transactions, direct investment, and any other economic and financial transactions as agreed upon by both authorities. This collaboration marks a key milestone in strengthening bilateral financial cooperation between Bank Indonesia and Bank of Korea. The cooperation can help business reduce their transaction costs and exposure to exchange rate risks of conducting bilateral transactions, among others, by enabling the direct exchange rate quotation between the Korean Won and the Indonesian Rupiah in interbank trading. This cooperation will be enhanced through information sharing and periodical discussions between Korean and Indonesian authorities.

The authorities believe that more extensive use of local currencies in bilateral transactions will ultimately contribute to promoting trade between Indonesia and Korea as well as financial market deepening in local currencies in the two countries.
